Sola Shield

Sola Shield offers advanced UV protection through wrap around design and comfortably fits over Rx glasses.

Fits over Rx frames up to the following dimensions:
Front: temple to temple: 143 mm
Top to bottom: 50.8 mm

Product code: 11/16/342/3

- Black frame
- Grey polycarbonate & polarized lenses

Fit-over Prism glasses

Prism glasses designed to fit-over your spectacles. Intended for use while lying flat on your back. Watch TV or read a book without straining your back!

Sides are covered to make it even easier to focus.

Product code: 01/TV003

Side shields - Leather (small)

Protective soft leather side shields that clip on to the Rx frames. The temples thread through the leather loops on the shields to ensure a snug fit.

Available colours:	Product code:
Brown	11/468
Black	11/466

Gold monocle & gallery: 40 eye size

A single eyepiece with a wire ring around the circumference that can be attached to a strap or chain to avoid loosing the monocle.

The gallery (the raised edge-like extension on the eyepiece) holds the monocle in place and keeps the wearer's eyelashes from grazing the lens.

Product code: 11/681

Make-up frame with case and key ring

Lightweight metal make-up frame flip-down lenses. Lenses can be flipped down independently. Magnetic clips keep the lenses in place when needed.

Available models:	Product code:
Demo lens – to fit Rx lenses	01/2003/5
+ 2.00	01/2003/8/20
+ 2.50	01/2003/8/25
+ 3.00	01/2003/8/30
+ 4.00	01/2003/8/40
+5.00	01/2003/8/50

Folding frame - Silver frame with Case

EyeNergy folding frame with joints at the nose bridge and along the temple to collapse neatly into compact and durable storage case. To fit Rx prescription.

Colour : Gun (Gold also available on request)

Product code: 01/2002/5

Scuba mask insert for Rx - prescription

Scuba mask insert for Rx-prescription. Designed to fit most diving masks and accomodates bi-focal scripts.

12/137EBP Insert with suction cup - removable

12/199EB Insert with bracket - Fix in place with silicone adhesive

Press - on bifocal lenses - 1 pair

Thin, flexible and easy to fit to existing lenses. Held in place by static adhesion and can be removed and re-used. Simply moisten with water, position and allow to dry for a couple of hours for best results.

Dimmensions: 2 lenses (19 x 30 mm)

Available power:	Product code:
+ 1.25	12/8160
+ 1.50	12/8161
+1.75	12/8162
